Add Cart

 <p>More than 240,000 business choose Magento eCommerce Solution.</p> <p>Add</p>	 <p>Shopping Cart Software that is easy to use. Build your online store from your web browser with this eCommerce Software Solution.</p> <p>Add</p>	 <p>BigCommerce Shopping Cart Software is the solution for fast-growing brands. No matter what size your business, BigCommerce has a solution that will help you sell more.</p> <p>Add</p>
 <p>Whether you sell online, on social media, in store, or out of the trunk of your car, Shopify has you covered.</p> <p>Add</p>	 <p>The most customizable eCommerce platform for building your online business</p> <p>Add</p>	 <p>Shoppers spent more than \$26 billion and placed over 185 million orders on Volusion ecommerce websites.</p> <p>Add</p>

In Order Time, the e-commerce partners are presented as 'Carts'. Order Time is integrated with 6 e-commerce platforms:

- [Shift4Shop](#)
- [BigCommerce](#)
- [Magento](#)
- [Shopify](#)
- [Volusion](#)
- [WooCommerce](#)

What does the integration do?

- Orders: When a customer checkouts of their cart and places an order, we create a corresponding sales order in Order Time.
- Customers: When a customer checkouts of their cart and places an order we will create or update the corresponding Customer in Order Time.
- Shipping Documents: When the ship doc is status is 'Shipped' we update the order status the cart together with the tracking number. (Optional)
- Inventory Stock Levels: Inventory levels for your products on your cart will be updated automatically with the quantities from Order Time. (Optional)

E-commerce Integration Considerations

Before [setting-up your e-commerce integration](#), insure that you have your own business website

and administrator logins.

When you are setting up your E-commerce Integration in Order Time, you have to complete the following fundamental steps:

- [Generate the connection credentials](#) for the Cart that you selected in Order Time
- [Add the connection settings](#) for the selected Cart in Order Time
