Video - Lot & Serial Number Tracking Demo

Here is a quick demo on how to set up Lot Number or Serial Number tracking on Order Time Inventory. This is especially useful for the Food & Beverage, Medical, or other perishable-product industries. Tracking and Accountability are key to running a state-of-the-art facility. Expiry date tracking via Lot or Serial is a primary goal for the industry.

Order Time provides a full solution to tracking inventory and managing all of your incoming orders!
