

# Shopify Integration

Last Modified on 04/06/2023 1:40 pm EDT

## Shopify

Shopify Shopping Cart offers small businesses everything they need to get started immediately after signing up. It has an extensive design features that allow users to construct their online channel - from the look of their website to inventory management. It is simple to use, but it also has features for advanced designers, such as access to CSS and HTML files.

### Connecting Shopify and Order Time Inventory
