

Shopify: Connection Credentials and Settings

Last Modified on 01/15/2026 11:49 am EST

Overview

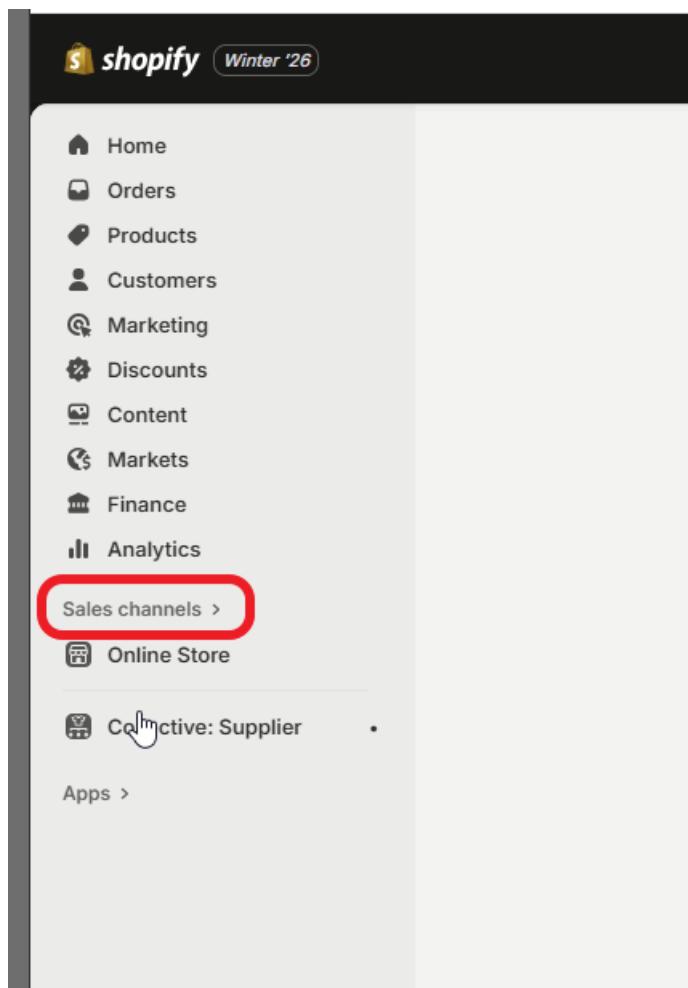

Order Time has several integrator e-commerce partners. The partnership with these platforms makes inventory and order processing system significantly efficient.

In Order Time, the e-commerce partners are presented as 'Carts'. When you are setting up your E-commerce Integration in Order Time, you have to add the appropriate connection settings for the cart of your choice.

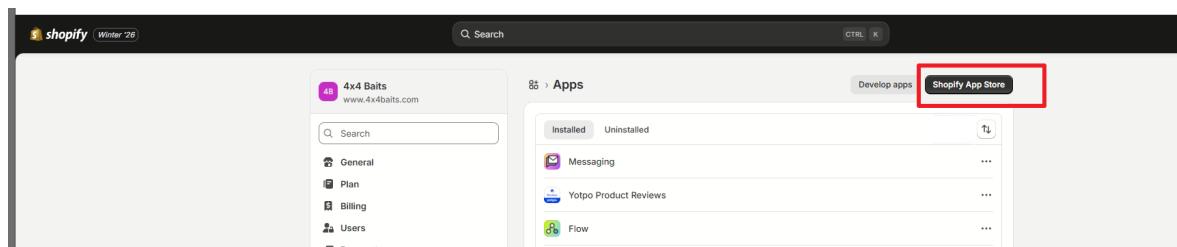

This article will show you the steps for setting up your Cart and generating connection credentials for Shopify.
