WooCommerce: Connection Credentials and Settings

Last Modified on 08/30/2019 2:44 pm EDT

Overview

Order Time has several integrator e-commerce partners. The partnership with these platforms makes inventory and order processing system significantly efficient.

Admin > ECommerco	e Integration > Add Cart				
Add Cart					
Magento		3d Cart		Bigcommerce	
Magento	More than 240,000 business choose Magento eCommerce Solution.	Software Solution.	Shopping Cart Software that is easy to use. Build your online store from your web browser with this eCommerce	business, BigComm help you sell more	BigCommerce Shopping Cart Software is the solution for fast-growing brands. No matter what size your nerce has a solution that will
Shopify		Woocommerce		Volusion	
shopify	Whether you sell online, on social media, in store, or out of the trunk of your car, Shopify has you covered.		The most customizable eCommerce platform for building your online business	Volusion ⁻	Shoppers spent more than \$26 billion and placed over 185 million orders on Volusion ecommerce websites.

In Order Time, the e-commerce partners are presented as 'Carts'. When you are setting up your E-commerce Integration in Order Time, you have to add the appropriate connection settings for the cart of your choice.

This article will show you the steps for setting up your Cart and generating connection credentials for WooCommerce.

WooCommerce

- 1. Log in to WooCommerce.
- 2. Click **WooCommerce** > **Settings** on the left side bar of the interface.
- 3. Click the **API** tab.

Dashboard			_							Help 🔻
2 Sashboard	General	Products	Тах	Checkout	Shipping	Accounts	Emails	ΑΡΙ
