

# Printing Forms in Landscape Mode

Last Modified on 12/30/2019 11:27 am EST

## Solution Article

### Problem:

I'm having problems printing forms in landscape mode, is there something I should be doing differently?

### Solution:

**Printing forms in OT in landscape mode is only supported in Chrome Browser.**

If you're thinking about using landscape mode then consider changing to smaller fonts to make it look better. Most of the page gets elongated.
