Webinar - Advanced Features of Production

Webinar Notes:

Order Time - Advanced Features of Production

- **Advanced Features of Production**
    - **Assembly and Creating a Bill of Materials**
        - **https://help.ordertime.com/help/creating-a-bill-of-materials**
    - **Nested Bill of Materials vs. Steps**
        - **https://help.ordertime.com/help/nested-bill-of-materials-vs-steps**
    - **Company Preferences - Production**
        - **https://help.ordertime.com/help/company-preferences-production**
    - **Enable Split, Drill Down, Flatten Features on a Work Order**
        - **https://help.ordertime.com/help/enable-split-drill-down-flatten-features-on-work-order**
    - **Splitting a Work Order**
        - **https://help.ordertime.com/help/splitting-a-work-order**
    - **Drill Down a Work Order**
        - **https://help.ordertime.com/help/drill-down-a-work-order**
    - **Enabling Batch Quantity**
        - **Enable in Company Preferences >> Production**
        - **Allows you to set the Batch Quantity on a Bill of Materials to make batches.**

- - - The Qty Per for each Component in your BoM is the quantity for 50, 100, 200 batches instead of a single unit.
    - Enabling BoM Revisions
      - Enable in Company Preferences >> Production
      - Different versions of the same Bill of Materials
      - Can be a slight change, like a component or step difference
      - Can make certain revisions inactive
      - You can toggle back and forth between each version with a drop down box at the top of the BoM
    - Enable Production Orders
      - Enable in Company Preferences >> Production
      - Use a BoM Group
        - Add BoMs to the group
        - Add whichever revision
        - Add the Qty Per
        - Disassembly, then Work Order, or multiple Work Orders, and then you get the finished good.
      - The purpose of this is to run a Production Order that can do a Disassembly, then an Assembly and produce a final product
    - Creating a Sales Order with a Linked PO & Linked WO
      - https://help.ordertime.com/help/production-module-creating-a-sales-order-with-a-linked-po-linked-wo
