Webinar Notes:

Order Time Mobile App - New Features / Receiving

- [Order Time Mobile User Manual](#)
- [Overview and Download Link](#)
- [The latest video on Receiving Purchase Orders](#)
- You must have a Purchase Order to Receive with the new feature
- Remember that using the settings in the Order Time Mobile app, you can set the Pick Quantity After Scan
 - Scan One
 - All
 - The Ordered Quantity
 - or Manual to choose a specific quantity
- You can receive straight to specific bins or the default bin.
- You scan the barcodes and then scan the Serial Number or Lot Number.
- Next update to the mobile app will include the Warehousing features like Bin Moves then we will add Transfers / Counts / Adjustments etc.
- Next after that will be Sales features and Work Orders.
- The App currently includes:

- Sales Orders & Picking
- Ship Docs & Packing
- Receiving Purchase Orders
- The Android version is currently in development and moving along quickly.
