- Release Notes Version 1.0.29
 - [Release Notes Here](#)

- **New Features Added:**

- **New List Added - Inventory Status By Location**
 - There was a new feature requested during the webinar to allow users to search this list using custom fields.
- Added 'On Orders' and 'ETA' to the Inventory Status By Location List .
- Every Full List has Auto-Fill for Filtering on Customers, Vendors, and More
- New Report Types For Warehouse Reports: Quantity Adjustments & Value Adjustments
- New Report Types For Inventory Reports: Item Transactions and Open Orders (All Orders Customers will remember this as the Deficiency Detail Report)
- Ability to Export Orders to CSV straight from the Orders themselves.
- Freeze headers on lists/reports - So when you scroll on long reports you can still see what each column means.

- Events or tasks to SMS - Company Preferences, Under Activities - Make sure to add a Cellphone Carrier and Mobile Number to each User you want to receive SMS.
