

QuickBooks Online Sync - Journal Entries only

Last Modified on 05/11/2021 9:02 am EDT

Overview:

Order Time now has the ability to add a preference to your file that would allow Order Time to sync just the Journal Entries of a transaction to QuickBooks Online.

This is only an option for those syncing with QuickBooks Online. If you wish to have this added to your file please contact Order Time support at: support@ordertime.com
