

Accounting - Batch Repost Journal Entries

Last Modified on 02/26/2024 1:42 pm EST

Overview

New functionality has been added under Accounting Integration in [Release 1.0.35a](#). This feature allows you to Batch Repost all of your Journal Entries for a Date Range that you specify.

Running a Batch Repost

There is a link under View [Sync Queue](#) and View [Sync Jobs](#) to Batch Repost Journal Entries.

Accounting Integration

The screenshot shows the 'Accounting Integration' section. On the left, under 'QuickBooks Desktop', there is a 'quickbooks' logo and the text 'Accounting Software for Small Business'. On the right, under 'QuickBooks Online', there is a 'quickbooks' logo and the text 'Make online accounting easy'. Below this, there are two buttons: 'Disconnect' and 'Configure'. Underneath these buttons are three links: 'View Sync Queue', 'View Sync Jobs', and 'Batch Repost Journal Entries'. The 'Batch Repost Journal Entries' link is highlighted with a red rectangular box.

When clicked it allows you to choose a From Date and a To Date.

The screenshot shows a dialog box titled 'Batch Repost Journal Entries'. It has a close button (X) in the top right corner. Inside the dialog, there are two date selection fields: 'From:' and 'To:'. Each field consists of a text input box and a calendar icon to its right. Both the 'From:' and 'To:' fields are enclosed in a red rectangular box. At the bottom right of the dialog, there are two buttons: 'Save' (green) and 'Cancel' (black).

Clicking Save will start the batch.

This screenshot is identical to the previous one, showing the 'Batch Repost Journal Entries' dialog box. However, in this version, the 'Save' button at the bottom right is highlighted with a red rectangular box, indicating the next step in the process.
