Importing - Bin

Purpose:

This import type allows users to add Bins to Warehouses. You can also use the import to update existing Bins and change the Active and Available status.

Required Fields:

- New Items: Location name and Bin name
- Existing Lines: ID and the field(s) you would like to update -- Follow the ID Method: [Video - Updating the Items List with Imports](#)

Mapping Tips:

- ID = ID from the Bins tab of the location. It is a specific ID to that Bin in that Location.
