

# Importing - Item Category

Last Modified on 03/29/2026 8:09 pm EDT

## Importing - Item Category

### Purpose:

The Item Category Import Type is designed to allow users to use the import function to add new or update existing Item Category records.

### Required Fields:

- New Record: Item, Category
- Existing Record: N/A

### Mapping Tips:

- When Importing Categories each combination of Customer and Category would require its own line
