

# Importing - Kit Group

Last Modified on 03/30/2026 7:55 pm EDT

## Importing -Kit Group

### Purpose:

The Kit Group Import allows users to import to add or update Kit Groups in existing Kit type Items.

### Required Fields:

- New Items: Kit Item, Type, Name
- Existing Lines: ID

### Mapping Tips:

- You can use a report to get the existing Kit Groups and their respective IDs
